ABOUT COMMUNITY BRIDGES

Community Bridges empowers girls from diverse backgrounds to become exceptional students, positive leaders, and healthy young women. We do so by addressing the developmental needs of immigrant and minority girls and their families living at or below the federal poverty level in Montgomery County, Maryland. Our integrated 4th through 12th grade after- and out-of-school Girls Program supports the growth of our young women by helping them understand their potential and life choices, learn creative strategies to become leaders, and break their family's cycle of poverty using education as a vehicle. We further extend the impact for CB girls by wrapping their own efforts with mentoring, college and career planning and programs to provide resources and support for their families.

"GIRL LEGACY"

Girl Legacy is an annual celebration of, "Creating Opportunities, Cultivating Potential, and Achieving Dreams." Our girls have designed an evening full of great food, performances, dancing, and an opportunity to meet our amazing CB girls and alumnae. Every dollar raised at the celebration will support the Community Bridges programs and allow us to serve more girls in grades 4-12 in Montgomery County. Please join us and help change the lives of girls in your community.

Community Bridges has truly changed my life by just being there for me and my family.

Freshman year I didn't have high hopes for my future because of my living status and how bad my family's financial status was. CB has not only given me so many opportunities for the future and also has really gotten me prepared for life after high school and I now know attending college is a real possibility.

—ALLIS CAMPOS, JUNIOR AT MONTGOMERY BLAIR HIGH SCHOOL
